

WS2: Write a paper

You will participate to the 5th edition of the international conference “Research Methodology at EFREI 2022” – RME 2022. On the website of the conference, in the “authors guidelines” section, we can read:

- The length of regular papers is limited to 4 pages.
- The template used by this conference is the same than for the conference sponsored by IFAC. All the information is here:

<https://www.ifac-control.org/conferences/authors-guide>

You can use as you want the Latex Template or the Word Template.

If you prefer to use the Latex Template, go on:

1. On <https://www.overleaf.com>, create a new project
2. Upload the archive that you can download on the website of IFAC or use Template→Academic Journal and select “IFAC” on the Gallery.

A tutorial is available here:

https://www.overleaf.com/learn/latex/Creating_a_document_in_LaTeX

In your paper, you need:

- A title
- Authors and Affiliations
- Abstract
- Key-words
- Introduction
- One or more section(s) and sub-sections
- Discussion
- Conclusion and perspectives
- References
- Optional: Appendix

Do not hesitate to use figures and/or tables to illustrate your work.
